Interlude - C G Dm F x4

C G
 Daylight licked me into shape
 Dm F
 I must have been asleep for days
 C G
 And moving lips to breathe her name
 Dm F
 I opened up my eyes
 C G
 And found myself alone alone
 Dm F
 Alone above a raging sea
 C G
 That stole the only girl I loved
 Dm F
 And drowned her deep inside of me

Am Bb
 You.... Soft and only
 Am Bb
 You.... Lost and lonely
 Am Bb F
 You... Just like heaven
